Solve the itching with Huha!

How's the itching and scratching coming along this season? Don't forget we stock HUHA's very own special blend of shampoo and lotion for soothing and healing inflamed skin!!

Seriously this stuff is awesome and we've tried A LOT of different shampoos and lotions!

Watch the summer heat!

Alert!

Ain't the summer weather grand? Do be mindful of pets over heating as the mercury climbs, pooches are best left at home then coming in the car often (yes I know, they will give you the big sad but

you're leaving me behind eyes, our pooch has this down pat!) it's a better option then sitting in a hot car.

And do keep an eye on sensitive wee pink noses and ears, animals are just as prone to sun damage and skin cancer as we are, if you have any concerns about wee lumps or moles that did not used to be there give us a call on 04 478 3880.

Contingency Plan B

Animal Medical Centre are members of the Wellington After Hours Veterinary Clinic, meaning when we are closed (through the night, Saturday afternoon and Sundays) you have access to veterinary care should an emergency arise. Their number is 4737545. 24/7 no worries, we've got you covered.
