## CELEBRATING OUR 10th BIRTHDAY!!!

The name may have changed and the owners once or twice but since 1945 the Animal Medical Centre has been providing a high standard of veterinary care not only to the Northern Suburbs but also the wider Wellington region.

When Mike and Antoinette Benfell bought the practice in 2005 they set out to continue the fine legacy which had been created of providing the very best care for your best friend, your friendly neighbourhood vet.

Ten years down the track we are still seeing pets and families that have been with us since that very first day back in 2005. We have been extraordinarily lucky to be blessed with a hugely loyal clientele, with whom we have not only witnessed the comings and goings in their families' lives, but also theirs of ours, which, over the last 10 years, has seen three fabulous kids arrive. Our house has become a revolving door not only for patients we need to do overnighters with, but cats, an extraordinarily badly behaved dog, rabbits and guinea pigs!

We are really excited about the next 10 years and beyond in this fabulous community. Thank you to all our lovely clients, we would not be here without your unwavering support!

Please take the opportunity to come and join us for a slice of birthday cake on Fridays throughout July.
