### Here is what one of our many happy clients has to say...

Hi Antoinette,

I just wanted to let you know how lovely it was to bring Dave to your vet practice last week.

From the initial phone call with Sue, and being greeted at the door by Coco (change spelling to make it correct!) the friendly and inviting atmosphere put both myself and an upset cat at ease immediately.

Mike was such a knowledgeable vet who took his time to investigate Dave fully and explain everything to me.

After sorting Dave out, we worked out a plan moving forward and I

left feeling so happy that I came there. You saw me within 40 minutes of calling which was fantastic, Dave got onto the meds and has improved considerably.

It was also very comforting to get a call from Mike over the weekend to see how Dave was doing.

I will be back, and referring anyone else who needs a family focussed, caring and professional vet for their pet.

Kind regards  
Suzie & Dave the Silver Bengal
